Housing Authority of the Borough of Belmar
Management Discussion and Analysis
September 30, 2018

As Management of the Authority, we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended September 30, 2018. We encourage readers to consider the information presented here in conjunction with the Authority's financial statements as presented elsewhere in this report.

A - Financial Highlights

1- The assets of the Authority exceeded its liabilities at the close of the most recent fiscal year by \$742,384 (net position) as opposed to \$723,772 for the prior fiscal year.

2 – As of the close of the current fiscal year, the Authority's Proprietary Fund reported ending Unrestricted Net Position of \$247,280.

3 – The Authority's cash and cash equivalents balance (including tenant security deposits) at September 30, 2018 was \$191,030 representing an increase of \$30,585 from the prior fiscal year.

4 – The Authority had Total Operating Revenues of \$356,425 and Total Operating Expenses of \$379,410 (including depreciation expense of \$52,024) for the year ended September 30, 2018.

B – Using the Annual Report

1 – Management's Discussion and Analysis

The Management's Discussion and Analysis is intended to serve as an introduction to the Authority's financial statements. The Authority's financial statements and notes to financial statements included in this Report were prepared in accordance with GAAP applicable to governmental entities in the United States of America for Proprietary Fund types.

2 – General Purpose Financial Statements

The financial statements are designed to provide readers with a broad overview of the Authority's finances, in a manner similar to a private-sector business. They consist of The Comparative Statements of Net Position, Statements of Revenues, Expenses and Changes in Net Position, and Statements of Cash Flows.

The Comparative Statements of Net Position present information on all the Authority's assets and liabilities, with the difference between the two reported as net position. Increases or decreases in net position will serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The Comparative Statements of Revenues, Expenses and Changes in Net Position present information showing how the Authority's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of unrelated cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g.; depreciation and earned but unused vacation leave).

The financial statements report on the Authority's activities. The activities are primarily supported by HUD subsidies and grants. The Authority's function is to provide decent, safe and sanitary housing to low income and special needs populations. The financial statements can be found on pages 8 through 10.

B – Using the Annual Report (Continued)

3 – Notes to Financial Statements

The notes to financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes to financial statements can be found in this report after the financial statements.

C – The Authority as a Whole

The Authority's Net Position increased \$18,612 during the current fiscal year as detailed below. The Authority's revenues are primarily subsidies and grants received from HUD. The Authority receives HUD subsidies each month based on a pre-approved amount. Grants are drawn down based on need against a pre-authorized funding level. The Authority's revenues were sufficient to cover all expenses, excluding depreciation during the fiscal year.

By far, the largest portion of the Authority's net position reflects its investment in capital assets (e.g., land, buildings, equipment and construction in progress). The Authority uses these capital assets to provide housing services to its tenants; consequently, these assets are not available for future spending. The unrestricted net position of the Authority is available for future use to provide program services.

D – Budgetary Highlights

For the year ended September 30, 2018, individual program or grant budgets were prepared by the Authority and were approved by the Board of Commissioners. The budgets were primarily used as a management tool and have no legal stature. The budgets were prepared in accordance with the accounting procedures prescribed by the applicable funding agency.

E – Capital Assets and Debt Administration

Capital Assets

As of September 30, 2018 the Authority's investments in capital assets for its Proprietary Fund was \$569,328 (net of accumulated depreciation). This investment in capital assets includes land, buildings, equipment and construction in progress. \$28,200 of capital assets were purchased during the current fiscal year from Capital Grants. Additional information on the Authority's capital assets can be found in Note 3 to the Financial Statements which is included in this report.

Long Term Debt

During the fiscal year ended September 30, 2004, the Authority participated in a Capital Fund Leveraging Pool, through which the New Jersey Housing and Mortgage Finance Agency issued bonds and the funds were distributed to participating housing authorities. In December 2004, the Authority received \$194,514 to be used for capital improvements to its buildings. The outstanding debt is paid from a portion of the Authority's current capital fund grants. Further details can be found in the Notes to the financial statements. At September 30, 2018 the outstanding balance on this obligation totaled \$75,000; \$10,000 of which is included in current liabilities.

F – Summary of significant changes from September 30, 2017 to September 30, 2018

Cash and cash equivalents increased \$30,585. Cash provided by operating activities was \$29,254, cash provided by capital and financing activities was \$0, and cash provided by investing activities was \$1,331.

Accounts receivable due from HUD decreased \$11,600 to \$37,059. This balance represents public housing operating subsidy that was earned before but not received until after September 30, 2018.

Net capital assets decreased \$13,824. The Authority purchased \$28,200 of fixed assets and incurred \$52,024 of depreciation expense during the current fiscal year.

Deferred outflows of resources decreased \$24,676, net pension liability decreased \$15,503, and deferred inflows of resources decreased \$29,186 due to the most recent Public Employees' Retirement System of New Jersey actuarial valuation report.

Total liabilities decreased by \$12,891 primarily because the net pension liability decreased by \$15,503.

Total operating revenues increased \$20,748, or 6.2%, to \$356,425. Other Income increased by \$23,938 due the receipt of a \$24,082 payment received by the housing authority in settlement of an insurance claim.

Total operating expenses increased \$20,337, or 5.7%, to \$379,410. The primary reason for this increase is the increase in maintenance contract costs of \$16,413. During the current fiscal year maintenance contract costs included two non-recurring projects; repairs to the authority's community room and repairs to cracks in the masonry work . Total costs incurred in connection with these projects totaled approximately \$26,000.

Capital grant revenue increased \$16,715 as the Authority required less capital fund money for improvements throughout the Authority during the current fiscal year.

G – Economic Factors and Next Year's Budgets and Rates

The following factors were considered in preparing the Authority's budget for the fiscal year ending September 30, 2019.

- 1 – The state of economy, including its impact on tenant income.
- 2 – Continued anticipated increases in health care insurance and other employee benefit costs.
- 3 – The use of the Authority's unrestricted net position to fund any shortfalls rising from a possible economic downturn and reduced subsidies and grants. The Authority's unrestricted net position appears sufficient to cover any potential shortfall.

INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
Housing Authority of the Borough of Belmar
Belmar, New Jersey

Report on the Financial Statements

We have audited the accompanying financial statements of the Housing Authority of the Borough of Belmar, which comprise the Comparative Statements of Net Position as of September 30, 2018 and 2017 and the related Comparative Statements of Revenues, Expenses and Changes in Net Position and Cash Flows for the years ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the appropriateness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Housing Authority of the Borough of Belmar, as of September 30, 2018 and 2017, and the results of its operations, and its cash flows for the years then ended in accordance with the accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT

(Continued)

Emphasis of Matter

The Authority adopted Governmental Accounting Standards Board Statement No. 75 Accounting and *Financial Reporting for Postemployment Benefits Other Pensions – an Amendment of GASB Statement No. 45*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis presented on pages 1-5 and the Supplemental Schedules pertaining to the Public Employees Retirement System presented on pages 29-30 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audits were conducted for the purpose of forming an opinion on the financial statements of the Housing Authority of the Borough of Belmar. The Financial Data Schedule, the schedule of expenditures of federal awards and the Statement and Certification of Completed Modernization Grants are presented for purposes of additional analysis as required by U. S. Department of Housing and Urban Development and are not a required part of the basic financial statements.

The financial data schedule, the schedule of expenditures of federal awards and the Statement and Certification of Completed Modernization Grants are the responsibility of management and were derived from and directly relate to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards general accepted in the United States of America. In our opinion, the financial data schedule and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 10, 2019 on our consideration of the Housing Authority of the Borough of Belmar's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

HOUSING AUTHORITY OF THE BOROUGH OF BELMAR
NOTES TO FINANCIAL STATEMENTS
September 30, 2018

NOTE 1 – Summary of Organization, Activities and Significant Accounting Policies:

A. Organization – The Housing Authority of the Borough of Belmar (The Authority) is a governmental, public corporation created under the laws of the state of New Jersey to provide housing for qualified individuals in accordance with rules and regulations prescribed by the United States Department of Housing and Urban Development. The Authority is governed by a Board of Commissioners which is essentially autonomous but is responsible to the New Jersey Department of Community Affairs. An Executive Director is appointed by the Authority's Board to manage the day-to-day operations of the Authority. The Authority is responsible for the development, maintenance and management of public housing for low and moderate income families residing in the Borough of Belmar. Operating and modernization subsidies are provided to the Authority by the federal government.

B. Activities – The combined financial statements include all the accounts of the Authority. The Authority is the lowest level of government over which the Authority's Board of Commissioners and Executive Director exercise oversight responsibility. The Authority is not included in any Governmental "reporting entity" since its board members, while they are appointed primarily by the mayor, have decision making authority, the power to designate management, the responsibility to significantly influence operations, and primary responsibility for accounting and fiscal matters. The Authority has not identified any entities which should be subject to evaluation for inclusion in the Authority's reporting entity.

C. Significant Accounting Policies

a. Basis of Accounting – The accrual basis of accounting is used for measuring financial position and operating results of Proprietary Fund Types. Under the accrual basis of accounting, transactions are recognized when they occur, regardless of when cash is received or disbursed. Proprietary Fund revenues and expenses are recognized on the accrual basis, with revenues recognized in the accounting period in which they are earned and become measurable, and expenses recognized in the period incurred, if measurable. Thus, for example, proprietary funds recognize revenue in the period in which a service is provided, regardless of how long after the end of the period the revenue is expected to be collected.

Using the accrual basis of accounting is consistent with the proprietary fund focus on measuring all the costs of providing goods or services for the period and matching those costs with the revenues earned during the period by providing the goods or services.

b. Report Presentation – The financial statements included in this Report were prepared in accordance with generally accepted accounting principles (GAAP) in the United States of America applicable to governmental entities for Proprietary Fund Types. The Authority implemented the provisions of Governmental Accounting Standards Board Statement No. 34 "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments" (Statement No. 34). The Authority also adopted the provisions of Statement No. 37 "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments: Omnibus" and Statement No. 38 "Certain Financial Statement Note Disclosures", which supplement Statement No. 34. Statement No. 34 established standards for all state and local governmental entities that includes a statement of net position, a statement of activities and a statement of cash flows. It requires the classification of net position into three components – Invested in Capital Assets, Net of Related Debt; Restricted Net Position and Unrestricted Net Position. These classifications are defined as follows:

HOUSING AUTHORITY OF THE BOROUGH OF BELMAR
NOTES TO FINANCIAL STATEMENTS
September 30, 2018

NOTE 1 – Summary of Organization, Activities and Significant Accounting Policies (Continued):

Net Investment in Capital Assets – This component consists of land, construction in progress and depreciable assets, net of accumulated depreciation and net of the related debt outstanding. If there are significant unspent related debt proceeds as of year-end, the portion of the debt related to the unspent proceeds is not included in the calculation of Invested in Capital Assets, Net Investment in Capital Assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.

Restricted Net Position – This component includes net assets subject to restrictions placed on net asset use through external constraints imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by the law through constitutional provisions or enabling legislation.

Unrestricted Net Position – This component consists of net assets that do not meet the definition of Restricted Net Position or Invested in Net Investment in Capital Assets.

The adoption of Governmental Accounting Standards Board Statements 34, 37 and 38 have no significant effect on the basic financial statements, except for the classification of net position in accordance with Statement No. 34.

Significant Accounting Policies are as follows:

1 – Cash and cash equivalents are stated at cost, which approximates market. Cash and cash equivalents include cash in banks, petty cash, certificates of deposit, and other investments with original maturities of less than three months from the date of purchase.

Investments are recorded at fair value based on quoted market prices. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties.

2 – Collection losses on accounts receivable are charged against an allowance for doubtful accounts.

3 – Buildings and equipment are recorded at cost for all programs and depreciation is computed on the straight line method.

4 – Repairs funded out of operations, such as painting, roofing and plumbing, are charged against income for all programs.

5 – The Authority is subsidized by the Federal Government. The Authority is not subject to Federal or State income taxes, nor is it required to file Federal and State income tax returns.

6 – Operating subsidies received from HUD are recorded as income when earned.

7 – The costs of accumulated unpaid compensated absences, including fringe benefits, are reported in the period earned rather than in the period paid.

8 – Prepaid expenses represent payments made by the Authority in the current year to provide services occurring in the subsequent fiscal year.

NOTE 1 – Summary of Organization, Activities and Significant Accounting Policies (Continued):

- 9 – Inventories in the Proprietary Fund consist of supplies and are recorded at the lower cost or market.
- 10 - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and reported amounts of revenues and expenses during the reporting period.
- 11 – The Authority has elected not to apply to its proprietary activities Financial Accounting Standards Board Statements and Interpretations, Accounting Principles, Board Opinions, and Accounting Research Bulletins of the Committee of Accounting Procedures issued after November 30, 1989.
- 12 – The Authority does not have any infrastructure assets for its Proprietary Fund.
- 13 – Inter-fund receivables and payables arise from inter-fund transactions and are recorded by all funds affected in the period in which the transactions are executed.
- 14 – Long-lived assets to be held and used are tested for recoverability whenever events of changes in circumstances indicate that the carrying amount may not be recoverable. When required, impairment losses on assets to be held and used are recognized based on the fair value of the asset and long-lived assets to be disposed of by sale are reported at the lower of carrying amount or fair value less cost to sell. As of September 30, 2018 and 2017, the Authority has not recognized any reduction in the carrying value of its fixed assets when considering SFAS 144.
- 15 - The Authority implemented GASB Statement No. 65. Under GASB 65, debt issuance costs are expensed in the period incurred. This represents a significant change from the previous practice which was to record these costs as assets and amortize them over the life of the related debt.
- c. **Budgetary Policy Control** – The Authority submits its annual operating and capital budgets to the State of New Jersey Department of Community Affairs in accordance with New Jersey statute. After the New Jersey Department of Community Affairs approves the budget, it is formally adopted by resolution of the Authority's Board of Commissioners. Once adopted, the Board may amend the legally adopted budget when unexpected modifications are required in estimated revenues and expenses. Each fund's budget is prepared on a detailed line item basis. Revenues are budgeted by source and expenditures are budgeted by expense classification within each revenue source.
- d. **New Accounting Pronouncements** – The Authority was required to adopt GASB Statement 68, *Accounting and Financial Reporting for Pensions* which requires employers to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources and collective pension expense excluding that attributable to employer-paid member contributions. Additional information regarding the adoption of GASB 68 can be found in Note 11 to these financial statements.

NOTE 2 – Cash and Cash Equivalents

The Authority maintains cash and investments in local banks. These funds are covered by the Governmental Unit Deposit Protection Act of the state of New Jersey, which requires the institutions to pool collateral for all of governmental deposits and have the collateral held by an approved custodian in the institution's name.

Cash and Cash Equivalents of \$191,030 at September 30, 2018 and \$160,445 at September 30, 2017, consisted of the following:

	<u>Sep. 30, 2018</u>	<u>Sep. 30, 2017</u>
Checking Accounts	\$ 163,732	\$ 133,796
Security Deposits	26,472	25,838
CFP Leveraging Trust Accounts	776	761
Petty Cash	50	50
Total Cash and Equivalents	<u>\$ 191,030</u>	<u>\$ 160,445</u>

The carrying amount of the Authority's cash and cash equivalents on deposit at financial institutions as of September 30, 2018 was \$191,030 and the bank balances were \$193,300. Of the bank balances, all \$193,300 was covered by FDIC insurance.

NOTE 3 – Capital Assets

Capital assets consist primarily of expenditures to acquire, construct, place in operation and improve the facilities of the Authority and are stated at cost less accumulated depreciation. The following is a summary of the changes in capital assets for the years ended September 30, 2018 and 2017.

	<u>Sep. 30, 2017</u>	<u>Additions</u>	<u>Disposals</u>	<u>Transfers</u>	<u>Sep. 30, 2018</u>

NOTE 3 - Capital Assets (Continued)

Depreciation of Capital Assets is provided using the straight-line method for reporting purposes at rates based upon the following estimated useful lives:

	<u>Years</u>
Buildings	40
Components	20
Site Improvements	20
Furniture	5
Equipment	5
Vehicles	5
Computers	3

NOTE 4 – Investments

The Authority's investments include a certificate of deposit with a maturity of one year from the date of purchase that is stated at fair value in the Statement of Net Position, with all gains and losses included in the Statement of Activities. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Interest income is recorded on the accrual basis. Realized gains or losses on the sale of investments are calculated using the specific-identification method. Unrealized gains and losses represent the change in fair value of the individual investments for the year, or since the date of acquisition, if acquired during the year. The Authority's investment balances at September 30, 2018 and 2017 were \$227,646 and \$224,946, respectively.

NOTE 5 – Payment in Lieu of Taxes (PILOT)

Under Federal, State and local law, the Authority's programs are exempt from income, property and excise taxes. However, the Authority is required to make a payment in lieu of taxes (PILOT) for the PHA Owned Program in accordance with the provisions of its Cooperation Agreement with the Borough of Belmar. Under the Cooperation Agreement, the Authority must pay the municipality the lesser of 10% of its net shelter rent or the approximate full real property taxes.

During the fiscal years ended September 30, 2018 and September 30, 2017, PILOT expense of \$14,225 and \$14,076, respectively, was accrued.

NOTE 6 – Accrued Compensated Absences

Accrued compensated absences represents amounts to which employees are entitled to be paid for accumulated leave earned in accordance with the authority's Personnel Policy. The housing authority policy states that employees may carry forward unused vacation to the next succeeding year only, while sick leave may be accumulated not to exceed 120 days. Employees may be compensated for unused vacation leave at the time of separation but may not be compensated for accrued sick leave at retirement or termination. There is no accrual for unused vacation leave at September 30, 2018 or 2017 because there are no eligible employees per the of Authority's Personnel Policy.

NOTE 7 – Long Term Debt

During the fiscal year ended September 30, 2006, the Authority entered into a Capital Fund leveraging pool. The New Jersey Housing and Mortgage Finance Agency issued tax exempt, twenty year Capital Fund Program Revenue Bonds, 2004 Series A. The Authority's share of the funds from the bond issue pool amounted to \$200,000. The net funds received from the leveraging pool are restricted and must be spent in accordance with the Authority's Capital Fund Budget within four years. At September 30, 2018 and 2017, \$776 and \$761, respectively, of restricted cash related to these borrowings was held by the Authority, and is included in restricted cash and restricted net assets in the Comparative Statements of Net Position.

Repayment of the funds leveraged shall be budgeted from Capital Fund Allocations received by the Authority from the Department of Housing and Urban Development.

The following is a schedule of required principal payments for the next five years and thereafter:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	10,000	3,367	13,367
2020	10,000	2,929	12,929
2021	10,000	2,468	12,468
2022	10,000	1,998	11,998
2023	10,000	1,528	11,528
2024-2026	25,000	1,762	26,762
	<u>\$ 75,000</u>	<u>\$ 14,052</u>	<u>\$ 89,052</u>

NOTE 8 – Risk Management

The Authority is exposed to various risks of loss related to torts, theft, damage to assets, errors and omissions, and natural disasters for which the Authority carries commercial insurance. During the years ended September 30, 2018 and September 30, 2017 the Authority's risk management program, in order to deal with potential liabilities, consisted of various insurance policies for fire, general liability, crime, auto and public officials' errors and omissions. The Authority conducts an annual physical inspection of its Projects for the purpose of determining potential liability issues. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Settled claims relating to the commercial insurance have not exceeded the amount of insurance in any of the past three fiscal years.

NOTE 9 – Construction Commitments

At September 30, 2018 and September 30, 2017 the authority's outstanding construction commitments pertaining to its capital fund were not material. The costs pertaining to such commitments will be paid by grants approved and committed to the authority by the U.S. Department of Housing and Urban Development.

NOTE 10 – Economic Dependency

For the year ended September 30, 2018 and September 30, 2017 a substantial portion of the Authority's revenues were received from the U.S. Dept. Housing & Urban Development, which are subject to availability of funds and Congressional approval, as well as the Authority's compliance with Federal rules and regulations.

NOTE 11 – Pension

General Information about the Pension Plan

Plan Description - The Authority participates in the New Jersey Public Employees Retirement System (PERS) which is sponsored and administered by the New Jersey Division of Pensions and Benefits. PERS is a cost-sharing, multiple-employer defined benefits pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). PERS issues a publicly available report that can be obtained at the following website: www.state.nj.us/terasury/pensions/annrpts.shtml.

Benefits Provided - The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits which vest after 25 years of service or under the disability provisions of PERS. The following represents the membership tiers for PERS:

- Tier 1 – Members who were enrolled by July 1, 2007.
- Tier 2 – Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008.
- Tier 3 – Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010.
- Tier 4 – Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011.
- Tier 5 – Members who were eligible to enroll on or after June 28, 2011.

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and to tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 before age 62 with 25 or more years of service credit and tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached service retirement age for the respective tier.

Contributions - The contribution policy for PERS is set by N.J.S.A. 15A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. Chapter 9, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. The unfunded liability will be paid by the employer in level annual payments over a period of 15

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At the June 30, 2018 and June 30, 2017 measurement dates, the Authority reported \$95,035 and \$110,538, respectively, for its proportionate share of the net pension liability. The Authority's portion of the net pension liability was based on a projection of the Authority's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The Authority's allocation percentages as of June 30, 2018 and June 30, 2017 were 0.000483% and 0.000475%, respectively.

The components of the Authority's net pension liability as of June 30, 2018 and 2017, the most recent evaluation dates, are as follows:

	<u>2018</u>	<u>2017</u>
Total Pension Liability	\$ 204,804	\$ 212,983
Plan Fiduciary Net Position	<u>109,769</u>	<u>102,444</u>
Net Pension Liability	<u>\$ 95,035</u>	<u>\$ 110,538</u>

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

Actuarial Assumptions - The total pension liability as of June 30, 2018 measurement date was determined by an actuarial valuation as of July 1, 2017, which was rolled forward to June 30, 2018. This actuarial valuation used the following actuarial assumptions:

Inflation Rate	2.25%
Salary Increases	
Through 2026	1.65% - 4.15% based on age
Thereafter	2.65% - 5.15% based on age
Investment Rate of Return	7.00%

Preretirement mortality rates were based on the RP-2000 Employee Preretirement Mortality Table for male and female active participants. Mortality tables are set back 2 years for males and 7 years for females. In addition, the tables provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projection scale. Postretirement mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for males and females) for service retirements and beneficiaries of former members and a one year static projection based on mortality improvement Scale AA. In addition, the tables for service retirements and beneficiaries of former members provide for future improvements in mortality from the base year of 2013 using a generational approach based on the plan actuary's modified MP-2014 projections scale. Disability

NOTE 11 – Pension (Continued)

retirement rates used to value disabled retirees were based on the RP-2000 Disables Mortality Table (set back 3 years for males and set forward 1 year for females).

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2017) is determined by the State Treasurer after consultation with the Director of the Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in the PERS's target allocation as of June 30, 2018 are summarized in the following table:

Asset Class	Target Allocation	Expected Real Rate of Return
Risk Mitigation Strategies	5.00%	5.51%
Cash Equivalents	5.50%	1.00%
US Treasuries	3.00%	1.87%
Investment Grade Credit	10.00%	3.78%
High Yield	2.50%	6.82%
Global Diversified Credit	5.00%	7.10%
Credit Oriented Hedge Funds	1.00%	6.60%
Debt Related Private Equity	2.00%	10.63%
Debt Related Real Estate	1.00%	6.61%
Private Real Asset	2.50%	11.83%
Equity Related Real Estate	6.25%	9.23%
U.S Equities	30.00%	8.19%
Non U.S Developed Markets Equity	11.50%	9.00%
Emerging Markets Equity	6.50%	11.64%
Buyouts/Venture Capital	8.25%	13.08%
Buyouts/Venture Capital	8.25%	13.08%

Discount Rate - The discount rate used to measure the total pension liability was 5.00% as of June 30, 2017. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.00%, and a municipal rate of 3.87% as of June 30, 2018 based on the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made as the current member contribution rates and that contributions from employers will be made based on the contribution rate in the most recent fiscal year. Based on those assumptions, the plan's fiduciary net position was projected to be available to make future projected future benefit payments of current plan members through 2040. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2040, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners
Housing Authority of the Borough of Belmar
Belmar, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Controller General of the United States, the financial statements of the Housing Authority of the Borough of Belmar as of and for the year ended September 30, 2018 and have issued our report thereon dated June 10, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Housing Authority of the Borough of Belmar's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance,

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, material weakness may exist that have not been identified.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

(Continued)

Compliance

As part of obtaining reasonable assurance about whether the Housing Authority of the Borough of Belmar's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
